Equities SA has been successfully investing in local funds. We have the proper infrastructure to conduct extensive research and due diligence on funds which forms a critical component of successful fund of funds management.

### 6. Market Niche

For investors wishing to get exposure to a well-diversified managed portfolio of equity funds and shares, for the long term of three to five years or longer, but who is not confident in their own ability to do the necessary due diligence and research or don't have the necessary investable capital to invest in more than one fund.

The fund is not for somebody who will need his capital or a major portion of his capital within 2 – 3 years.
