Moriah Global (USD)

Report as at 31 Dec 2023

1. Investable Universe

The fund has a wide mandate investing in global investment instruments with a focus on Global hedge funds and alternative investment vehicles.

2. Primary Objective

To deliver consistent investment returns uncorrelated to global equity markets with lower volatility.

The return objective is 10%-15%pa over the medium to long-term (5-10 years) with a down deviation 8% or less.

3. Investor Profile

Investors that seek to diversify investments in a managed offshore diversified portfolio of hedge funds, unit trust funds and shares aiming for a CAR of more than 10% per annum and a STD of less than 10% per annum.

4. Managers Comment

Review: The fund returned 3.47% for the month while the MSCI World Index returned 4.58% over the same period.

Outlook: Anticipating peak inflation and interest rates in the US, we forecast a relatively volatile 2023 that will likely alter economic trends. Despite the potential for investment opportunities, this may also result in increased volatility as fund managers reposition financial instruments in anticipation of the new market trends.

5. Competitive Advantage

Moriah: The management team at Moriah Global possesses over two decades of experience in the investment industry and has a proven track record of selecting top-performing global hedge funds and unit trusts. Over the past ten years, Kanaan Asset Managers has established a substantial network of industry contacts and information resources, enabling us to identify fund managers with the ability to outperform in all market conditions. Our team has developed a rigorous due diligence process and honed our skills in selecting funds that have demonstrated resilience during major market crises, including the 1998 Far East Pacific Crash, 2000 IT Bubble, 2008 Credit Crisis, 2020/2021 Covid Pandemic, and the 2022 Ukraine War.

6. Investment process

Following a thorough due diligence process, we will allocate capital to a suitably diverse number of funds that adhere to rigorous risk management parameters. Our fund selection process employs proprietary criteria to identify and select a portfolio of top-tier alternative strategy managers who are most likely to achieve or surpass the investment objectives of the portfolio.
